PROGRAMME DETAILS

26th July | Kolkata

**Empress, Ozone Convention Centre (4th Floor)
Fairfield by Marriott, New Town, Kolkata**

Celebrating three decades of commitment in eye care

EYECONIC Annual Eyecare Fest is a tribute to more than 30 years of compassionate eye care at Sunetra Family Eye Care Centre and to the mentors, well-wishers and visionaries who made the journey possible.

What began as a one-room set-up now spans 11,000 sq. ft., with 20 ophthalmologists, 6 optometrists and state-of-the-art ophthalmic technology. What hasn't changed is the promise: no patient is ever turned away for want of means.

A unit of the Calcutta Eye Research Foundation, drawing on the humanitarian ideals of the Bharat Sevashram Sangha, Kolkata, Sunetra has always worked to one motto — **Service Before Self**. Here, patients are treated not as cases but as kin; **many families have trusted us with the eyes for multiple generations.**

Rooted in the ideals of knowledge-sharing and service-before-self, **EYECONIC is a platform that brings together the finest minds in ophthalmology** for an immersive experience of scientific exchange, inspiration, and community.

At its core, **EYECONIC** stands for:

- **Gratitude** — honouring the mentors who laid the foundation
- **Growth** — advances in technology, treatment and technique
- **Generations** — connecting seasoned experts, young practitioners and learners
- **Giving Back** — quality eye care for all, irrespective of means

Designed to be an annual event, EYECONIC will continue to reflect the ever-evolving landscape of ophthalmology while staying grounded in **Sunetra's core mission: to serve with skill, humility, and heart.**

Dr Usha Titus Distinguished Chief Guest

Dr Usha Titus joined the Kerala cadre of the Indian Administrative Service in 1993 after completing MBBS from Christian Medical College, Vellore, TN, and MD (General Medicine) from Government Medical College, Trivandrum, Kerala. She served as the District Collector of Palakkad and Kozhikode districts where she was the first lady to hold charge. She has held charges of the Departments of Women and Child Development and Social Justice, Medical Education, Non-Resident Keralite Affairs, Power, Environment, School Education and Higher Education. She has also served as the Registrar of Indian Institute of Technology (IIT), Chennai, TN, and as the Vice-Chancellor of Kerala Technological University.

Known for her no-nonsense nature, empathy and hard work, when she was in the Department of Health, the Government stopped the private practice for medical college faculty. While she served as the Principal Secretary of Environment, single use plastic was banned. While serving in Higher Education, she pushed for NBA accreditation of engineering colleges and polytechnics. She came down heavily on private Universities running campuses without UGC approval. While serving in IIT, Chennai, she revamped the Institute hospital and introduced health insurance for all employees. The setting up of the Kerala Social Security Mission for providing free treatment to children with cancer in Government hospitals and support for caregivers and her earmarking of two seats in every college for transgender students reflect her adherence to the motto of her alma mater, "Not to be ministered unto, but to minister".

In 2010, she was deputed to the Government of India as the Joint Secretary of the Department of Economic Affairs in the Ministry of Finance where she handled the G20 and BRICS desks and contributed to the negotiations leading to the development of the BRICS New Development Bank and the Asian Infrastructure Investment Bank.

The Government of Kerala appointed her as the Chairperson and Managing Director of ASAP (Additional Skills Acquisition Programme) Kerala, a newly-created Government company, in 2021. Under her leadership spanning 5 years, this Government company became the leading educational and skill training body in the public sector in Kerala with the dual recognition of NCVET (National Council for Vocational Education and Training) as an awarding body and assessing agency, and providing about 150 industry relevant courses in partnership with the industry and reputed academic institutions like IIT. She stepped down from the post last month.

Dr Suhas Haldipurkar

Sri C K Somany Memorial Gold Medal Oration

Dr Suhas Haldipurkar is the Director of Laxmi Ophthalmic Services Pvt Ltd at Panvel, Maharashtra. He has been a practitioner of Ophthalmology for over 45 years and has been one of the pioneers of phacoemulsification surgery in our country.

Dr Haldipurkar has performed live surgeries and delivered invited lectures at various ophthalmic conferences in India and abroad. He has been an invited faculty for training phacoemulsification over the longest number of years at the Ophthalmic Winter Academy in Austria since 2004. He has received Accredited Certified Teacher award at Asia-Pacific Association of Cataract & Refractive Surgery annual meeting in 2018, C S Reshmi award and Sante Vision award for excellence in presentations on phacoemulsification surgery at annual meetings of All-India-Ophthalmological Society, Best Teacher awards by All-India Ophthalmological Society and Maharashtra Ophthalmological Society and many others.

Dr Haldipurkar has invented popular designs of various ophthalmic surgical instruments and has been awarded the Karmayogi Puraskar by Mumbai Aid Foundation. He is passionate about training junior ophthalmologists in the art and science of Phacoemulsification surgery and to “reach the unreachable” by delivering eye care in the remotest corners of his district.

Dr Debasish Bhattacharya

Dr Anil K Biswas Memorial Gold Medal Oration

Dr Debasish Bhattacharya is the Founder-Chairperson of Disha Eye Hospitals – one of Eastern India’s leading chain of eye care institutions – offering comprehensive services across all sub-specialties of Ophthalmology from 20 different centres. He completed MBBS from Nil Ratan Sircar Medical College, Kolkata, in 1982 and MS (Ophthalmology) from Regional Institute of Ophthalmology, Kolkata, in 1985.

Dr Bhattacharya served as President of All-India Ophthalmological Society, besides holding other key positions such as Editor Proceedings, Chairman Scientific Committee in the same society. His areas of expertise include SICS (Small-Incision Cataract Surgery), Phacoemulsification and Eye Care Hospital Management.

Dr Bhattacharya has delivered numerous scientific papers, instruction courses, invited lectures at various national and international ophthalmology fora and has trained generations of ophthalmologists in modern cataract surgery.

Dr Bhattacharya is a widely respected surgeon, mentor and healthcare visionary. He is recognized for his philosophy on “affordable and quality eye care for all”. He is among the pioneers of the Group Practice model in Indian Healthcare and has consistently strived to make world-class technology accessible at Indian costs. His leadership has established Disha Eye Hospitals as a benchmark for quality, innovation, research, ethics and compassionate eye care in India.
